Report of the Librarian

Between six and seven thousand books have been circulated from the Enfield Library in 1947 among approximately 650 borrowers. Because of the increased costs of books, supplies, etc., only 275 books were added this year but gifts from local friends of the library increased the total to 350 volumes. Mrs. Ann Tarney, Mrs. Elizabeth Cattabriga and Miss Susie Eastman have served as Library assistants and the Library is fortunate to have two teachers willing to cooperate in this manner. The Librarian attended the regional library meeting in October at Swampscott, Mass., and has served on one state association committee during the year. Book work was celebrated as usual and the teachers in the local Grade and High school were entertained by the Librarian for dinner, after which a special exhibit of new books and teaching aids were on display. Once again thanks are due to the New Hampshire state library and to Dartmouth College for the generous loan of books and pictures many of which were especially needed for school work. It is hoped that the Library will be able to give greater and better

service in the coming year and any suggestions for improvements will be welcomed.

Respectfully submitted,

NELLIE L. PIERCE,

Librarian.

ENFIELD PLANNING BOARD REPORT

Regular monthly meetings were held during the past year. The principal project of this group has been work on a memorial bathing beach and picnic area. A card index system of the town indicating resources, industrial possibilities, and other information, is in progress in conjunction with information available through the school census. Plowing of sidewalks, new sidewalks, additional parking areas, the widening of the Railway over-pass on South Street, have all been discussed, with a possibility of some improvement in the future. Large school approach signs have been recommended by the board.

We look forward to the future, to a definite goal with a group of representative citizens, endeavoring to build a better Enfield.

SYNOPSIS OF FOREST FIRE PERMIT LAW

(Chapter 233, Revised Laws)

No person shall kindle a fire upon the land of another without permission from the owner, agent or caretaker thereof.

No person shall kindle a fire or burn any material in or near woodlands, pasture, brush, sprout, waste or cut over lands, or where the fire may be communicated to such land, except when the ground is covered with snow, without the written permission of the Forest Fire Warden or the presence of the warden or person designated to superintendent such burning.

Any person, firm or corporation causing or kindling a fire without a permit, when a permit is required, **and also any person by whose negligence or the negligence of his agents any fire shall be caused**, is liable to the town for all expenses incurred in attending or extinguishing such fire.

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

When permission has been obtained from the land owner, camp or cooking fires may be kindled without permission of the Forest Fire Warden (unless such permission is required by city

or town), at suitable times in suitable places where they will not endanger woodland. Upon failure to totally extinguish such fires the parties responsible are subject to the same liabilities and penalties as are prescribed for other fires.

Penalty for kindling a fire without a permit, \$200, or imprisonment not more than thirty days.

Penalty for kindling a fire willfully, or in a careless or imprudent manner, \$500, or imprisonment not more than one year, or both.

H. A. LARAMIE,
Forest Fire Warden.

HEALTH OFFICER'S REPORT

In submitting my report for the year of 1947 I would say most of this money had been spent on the town-dump—this, at the present time being located in such a place that it is an expensive item. In the winter it is almost impossible to get to, and rubbish is dumped by your roadside and strewn along for some distance. In the summer it is even worse. This has to be kept cleaned up. The bulldozer has to be hired to push this waste back and get the road passable so that cars can get in. I understand that the new dump site has been purchased, so that this matter will be more to the satisfaction of the public.

There has been spent for cleaning up the road to the dump and the dump itself—the burning of same—also for labor to take care of the fire hazard as follows:

Geo. Laro	\$25.00
Geo. Follansbee	45.00
Rufus Bruce	97.40
Harry Biathrow, opening road with bulldozer twice	93.00

The analysis of water for the year 1947 was \$42.48. Supplies—such as were needed—\$15.61. Investigations made upon complaints of different people as to rubbish, dead animals, sewer—see page, etc., amounted to \$27.00.

One other item which came out of this department due to the fact so many complaints had been made in regard to our main street. This began two years ago. Many called it a health menace, everyone had their ideas, but it all summed up to the fact that our main street was far from being a neat and clean street. Mr. Littlefield agreed to clean this up each week, sidewalks, etc., and dispose of the waste. His labor came to \$43.40.

Altogether the total of the year's expense came to \$388.89,

this being paid by the Selectmen. My salary being \$15.00 per year.

Respectfully submitted by,

R. J. BRUCE,
Health Officer.

REPORT OF POLICE DEPARTMENT

(Detailed figures available at Police Station)

Up to August 30, 1947, all cases were handled by the Lebanon Municipal Court. The Enfield Court began its operation September 13, 1947, Emmett Stewart having been appointed as our new judge. Nine cases came into court during the period from September 13th to December 31st, 1947. Since Emmett Stewart took the court over, it has a little more than paid for itself.

There are now five special officers in the Town of Enfield, Percy Stevens, John Verge, Carroll Putnam, Francis La Bounty and George Sanderson.

Respectfully submitted by,

R. J. BRUCE,
Chief of Police.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Enfield:

PROGRESS REPORT. It is well to pause to see what has been accomplished since my last written report to you. The classrooms have been completely done over with new lights and paint. The shop has been enlarged, and we have a full time custodian. A bonus was given each teacher last year, and two additional teachers were added to the staff in September. These additions permit the headmaster more time to work with teachers and pupils, have added more music to the curriculum, and have given extra help in reading to children in grades one through six. This latter help should do much to cut down retardation. A new set of Compton's Encyclopedia has been added to the library. The citizens of Enfield should feel proud that so much has been done in one year.

STATE AID. The check from the State to the amount of \$14,488.12 was received recently. Part of this will be used to reduce taxes and the remainder will be used to give Enfield a better school system. The lighting, painting, full

time custodian, enlarged shop, and more music for the entire school are a few places where this money was used.

WHERE DO WE GO FROM HERE? No school system can rest on its laurels. There is still room for improvement in the very best schools, and I am suggesting the following for consideration:

(a) Install an auto driving course as soon as possible. Mrs. Ann Tarney has taken the course which will enable her to instruct Enfield pupils.

(b) Kindergarten should be established as soon as is feasible.

(c) Transportation for high school pupils should be furnished.

(d) The Art program needs to be emphasized. It is being aided by Dr. Landis from the State Department of Education.

(e) An exit is needed from the lunch room. Plans have been drawn and approved, and only the money is needed.

(f) Auxiliary heaters should be installed in the shop and lunch room. At present, there is only one small radiator in each room and that is near the ceiling.

(g) The field behind the school should be leveled and put in shape for a better play area. This might even be a good community project.

(h) Part-time clerical assistance should be considered for the headmaster. It is not economical to have a high paid person doing routine office work. The extra time saved could be devoted to the instructional program.

(i) Finally, some permanent playground equipment—possibly swings and see-saws—should be provided near the school.

COMMENDATIONS. Many persons might be commended but I shall mention but a few:

(a) *Mr. Edmund Tanzi* is doing a good all-round job as a classroom teacher. Over and above that, however, he has taken on many added responsibilities at the request of Mr.

Ramsay. He is coaching basketball and will coach baseball. He is making a start with a physical education program, and did much this fall to interest and instruct boys in touch-football. In addition, he found time to work with his classes to assist the joint Canaan - Enfield school committees surveying the possible school needs in this area.

(b) *Mr. John Verge*, custodian, deserves credit for pride in his work. He keeps the building and grounds neat, and he has had the initiative to make many minor improvements within the building. The community has been saved many dollars by his work.

(c) Several *elementary teachers* have been going over to the Hartford High School in White River Junction taking a course in "Reading" sponsored by the Harvard-Boston University extension service. Children receive the benefit from this and I commend these teachers for their fine professional attitude.

(d) The *Parent - Teachers' Association* has shown by its programs that it is vitally interested in assisting the School Board and teaching staff to have a good school. It offers the organized community medium through which proper action may be taken for the benefit of the school children of Enfield.

(e) Last, but by no means least, I wish to commend the *community* and *School Board* for giving all Enfield boys and girls the best lighted and painted classrooms in New Hampshire.

Respectfully submitted,

PAUL F. POEHLER, JR.,

Superintendent of Schools.
